What would you do at the end of the day?
If you lost everything that was good
Stand up and fight or would you turn take flight
Please tell me 'cause I'm asking you

Little bird of freedom fly our way
Little bird of freedom fly our way in the evening
Our life is a river
Our dreams to remember
Our life is a river

Where would you go at the start of the road?
With a new set of paints given you
Hands out for life with a light that burns bright
With the doors open wind running through

Fly high in the sky
Colour me a turn
Step down from the clouds
I'll follow your lead

Little bird of freedom fly our way
Little bird of freedom fly our way in the evening
Our life is a river
Our dreams to remember
Our life is a river
