Poor Michael's boat is taking in water  
That won't surprise some of you  
He set off with so many big plans  
Ain't it funny how big plans fall through

Still I trust in one moment there with you  
Know when that's a chance I will take  
[Incomprehensible] I still got away in poor Michael's  
boat

I will for my love dress made of linen  
With diamonds and pearls  
Same for me, how little [Incomprehensible] left you  
Away from the shore

Still I trust in one moment there with you  
Know when that's a chance I will take  
[Incomprehensible] I still got away in poor Michael's  
boat  
Just you take a walk down by little church  
See the red face in the sun  
Know that when you walk in his name  
There goes you and the one with grace and love

Still I trust in one moment there with you  
Know when that's a chance I will take  
[Incomprehensible] I still got away in poor Michael's  
boat

Poor Michael's boat is taking in water  
That won't surprise some of you  
Poor Michael's boat is taking in water  
That won't surprise some of you
