And then came disappointment  
A path for my feet  
When I was around you  
What's found is yours to keep

Say that I'm your one and only  
This love I have for you  
I must have watched from your garden  
Oh, say you're home to stay

You've gone and let someone turn your pretty name  
around  
You've gone and let someone turn your pretty name  
around  
You've gone and let someone turn your pretty name  
around

Many times that I wondered  
I was right for me to do  
Stand out on my corner  
Hoping my sweets will lead to you

Just inside of your glory  
Like the time and time before  
Never meant to beg or borrow  
Sleep outside your hidden door

You've gone and let someone turn your pretty name  
around  
You've gone and let someone turn your pretty name  
around  
You've gone and let someone turn your pretty name  
around

When we put our arms 'round each other  
It's not hard to tell  
That you're loving someone else

You've gone and let someone turn your pretty name  
around  
You've gone and let someone turn your pretty name  
around

You've gone and let someone turn your pretty name  
around  
You've gone and let someone turn your pretty name  
around
