She likes electro  
I dont know much but I pretend to know  
I used to breakdance though  
Come on!  
All at once my head is clear  
All at once I find you here  
Maybe this is how it is  
And everything is in its place  
You give me something left to see  
A better world  
A better me  
Break the mould that I am in  
Drain the colour from my skin  
See I will give up all I have  
To fill a moment now with you  
Be a thought you wanna keep  
Watch your silence whilst you sleep  
Yeah I would give up all I have  
To hear you say, you will stay  
I'd give it all away  
I'd give it all  
Come on!  
Cos I want you to know  
That your'e all over me  
And I dont want to fall  
So I land at your feet.  
Oh my God, you're beautiful  
And I will bow before you now  
Fill me with your company  
Bring me down to my knees  
Tie me up and leave me here

Hold your music to my ear  
Let me look at you again  
Let me look and take it in  
So I will give up all I can  
To watch you light up when you smile  
Take your pain and fears away  
Hear you say that we're ok  
Yeah I will give up all I can  
And maybe then you'll feel the same  
I give my heart away

Give my heart  
Come on!  
Cos I want you to know  
That you're all over me  
And I dont want to fall  
so I land at your feet  
And the tide's coming in  
And I can't put it out  
And I dont want to lose  
So I land at your feet.  
Won't you step on my bones  
Won't you let me in  
And I'll kiss your palm this time  
And hope that you will hear  
Dont wait for it  
Don't leave  
And then  
Then my only friend  
You give me all you can  
You say you'll be my  
Love...
