Never had, I imagined,
Such a beautiful situation,
Where everything I ever wanted is here,
Is right here
She is the rock I lean on,
So good it scares me,
She's my condition,
My solution,
My way back every time
When the daylight wakes me in some place
I don't wanna be,
She's my gravity,
When I'm out of position
and nothing is working for me,
She's my gravity
She brings me home,
She's my gravity
All at once,
I'm in stitches,
She makes me laugh so hard I'm crying
I've never felt so animated before,
Oh no,
And when I'm losing myself,
Feel her arms around me
My affirmation, my direction,
My way back every time
When the daylight wakes me in some place

I don't wanna be,
She's my gravity,
When I'm out of position
and nothing is working for me,
She's my gravity
She brings me home
My calling,
My way out,
So all things I'm about,
My best side by design,
So always in my mind
My condition, my solution,
My way back every time
When the daylight wakes me in some place

I don't wanna be,
She's my gravity,
When I'm out of position
and nothing is working for me,
She's my gravity
When the daylight wakes me in some place
I don't wanna be,
She's my gravity,
When I'm out of position
and nothing is working for me,
She's my gravity
She brings me home
She brings me home
She's my gravity
