Today I feel a change,
in the way you look at me
And all I have to say
is that I like it
Today I feel a change
In your glowing, loving, chestnut eyes
And all that I can say
is that I feel it

You are everything to me
You are everything I need

My love
And so much more than that
My love
And so much more:so much more

Today I hear a change
In your gentle, whispering singing voice
And all I have to say
is keep talking
Today I felt a change
as your hands, they touched the soul of me
And all I have to say
is keep touching

You make this world for me
You are all that I could be
My love
And so much more than that
My love
And so much more:so much more

I never knew
What love was all about,
until I started looking at you
No one ever tried to tell or show me so I finally figured
it out for myself,
that what you need:
is someone, who without, you can't breathe

My love

And so much more than that
My love
And so much more:so much more

How I wish, that I could be like you
How I wish, that I could feel like you
How I hope, that I touch you..like you.

My love
And so much more than that
My love
And so much more:so much more..
