Love yourself if you want  
Cry a bit  
Laugh a lot  
Throw a stone  
Take a plane  
Start again  
Give yourself a chance not a nosebleed  
Have a course  
Meet your friends  
Visit space... visit space  
Say hello to someone  
For the road you need one  
Choose a song  
So that your heart can sing  
Is it how it is?  
How you make it?  
No one knows everything  
And if you're wondering  
Do the years fly by too soon?  
They do  
And if you're wondering  
If the skies look down?  
It's true,  
They do.  
They all look out for you.  
Make yourself  
Cry a dream  
Get a job  
Learn to drive

Kiss your girl  
On the mind  
When you can  
Find the one you love  
Who you walk side by side  
You might live in a house  
You may fall out  
But you might watch your children grow  
And if you're wondering  
Do the years fly by too soon?  
They do  
And if you're wondering

Do the skies look down?  
It's true  
They do.  
They all look out for  
all look out for you  
when you lose your way  
when all that you know turn on you  
when they let you down  
love is a ...to do  
when you lose your way  
when all that you know turn on you  
when they let you down  
love is a ...to do
