Well I see ya  
Holdin' hands with your lover  
And you're makin' plans with each other  
It fits real good on you

Well don't worry  
I didn't come to make things strange  
'Cause there's a reason that things change  
There's nothin' we can do!

And it's been five long years  
Since I've seen your lovely eyes  
You girls have grown  
She sees right through my thin disguise  
You know I still love you  
You knew I'd never change  
And it's been five long years and I love you  
Just the same

When you see me  
Do you remember the times when we travelled  
South of the borderline when love was young  
Time was on our side  
We danced  
In the Rio Grande  
And we listened to all the Mexican bands  
Singin' songs of love  
When our hearts were young, yeah

And it's been five long years  
Since I've seen your lovely eyes  
The girls have grown  
She sees right through my thin disguise  
You know I still love you  
You knew I'd never change  
And it's been five long years and I love you  
Just the same

Oh, yeah  
Five long years  
Five long years

Guitar solo

Five long years  
Since I've seen your lovely eyes  
Things have changed  
You see right through my thin disguise

She sees right through me, yeah!

You know I still love you  
You knew I'd never change  
And it's been five long years and I love you  
Just the same  
And it's been five long years and I love you  
Just the same  
And it's been five long years and I love you  
Just the sa-a-a-a-me  
Yes baby  
Oh yeah  
Five long years  
Five long years
