I start a conversation and my mind goes blank  
When asked my name I can't even think  
I'm just not hungry when it's time to eat  
My blazer's on backwards, shoes are on the wrong feet

That's what you do to me  
That's what you do to me  
I don't know what you call it but, uh  
That's what you do to me

Well some say it's love, others say it's a curse  
And many people tell me that I'm-a livin' in reverse  
I use oil on my face and powder on my hair,  
[I'm a straight-jacket man] but I just don't care

That's what you do to me  
That's what you do to me  
I don't know what you call it but, uh  
That's what you do to me

Oh, that's what you do to me!

[Instrumental solos]

Here and there, I've traveled everywhere  
But I've never been able to find this feeling so rare  
Up and down, around and round  
I can't let this crazy, crazy, crazy feelin' get me down

That's what you do to me  
That's what you do to me  
I don't know what you call it but, uh  
That's what you do to me

Well now here and there  
I've traveled everywhere  
Well now here and there  
Oh, I've traveled everywhere  
That's what you do to me  
What you do to me  
Baby that's what you do to me

[fade out]
