Well it's three hours past midnight
And my baby is nowhere around
Well It's three hours past midnight
And my baby's no where around
I listen hard to hear her footstep
Yeah and I ain't even heard a sound

Well I toss and tumble on my pillow
And I just can't close my eyes
YES I tossed and tumbled on my pillow
and I Just can't close my eyes
And if she don't come back her pretty quick
I swear I'm gonna lose my mind

(Guitar Solo)

YEAH I want my baby
And I want her by my side
Yes I want my baby
And I want her by my side
And if she don't come back her pretty soon
YEAH... I can't be satisfied
