This is The Business  
Prepare to take witness  
To the type of ish that we on, we on  
By the time that you get there  
We already been there  
We done packed up  
and we gone, we gone, we gone  
This is The Business  
Prepare to take witness  
To the type of ish that we on, we on, we on  
Cause this is The Business  
Right now  
Come witness The Business  
Right now

Ok dennn, and you can  
Take some notes from me  
Grab a cheat sheet  
Take a couple quotes from me  
You won't defeat thee Business  
You're better off trying to get  
The stank off of chitlins  
Ya Kidding??  
So grab a suit and tie  
Salute the guy, take a seat  
We'll review your resume  
And see just what we have this week  
But in the meantime  
Make sure you log on to  
markronsonandthebusiness dot com

Yeah, let us build a better life with ya  
Submit your application  
And we'll be right wit ya  
And for the ladies make sure  
You send us a nice picture  
Beside the right qualifications  
And we might pick ya  
OK dennn

Let's keep this strictly professional  
Take my business card

And call at respected hours  
This is larger than what large is  
The true definition  
Of What being in charge is

[CHORUS]

This the type of business  
That you could put your nose in  
Pack a big enough bag  
That you could fit some clothes in  
Long hours, dozin'  
Gotta get them figures straight  
Young Lamont Dozier  
I'm working on some real estate  
Or Chris Blackwell  
Gotta get them stacks well  
United States Postal Service lame  
We stack mail

Save some instruments  
Cause we'll give you the blues hater  
On your front porch in the morning  
Like the newspaper  
And the headline is that  
We runnin' shit  
And we the exact crew  
That you don't wanna hate  
And the headline is that  
We runnin' shit  
Introducing the Business,  
The Business

[CHORUS]
