I'ts been a while since I've seen you,
Must be a month or two or five
How was your trip to Texas,
I hope the weather held up fine
Did you keep in touch
With all the friends that we had made,
Or walk away in sadness
And let their memories simply fade
I wonder if you missed me,
While you were gone
You know I didn't think,
That you'd be gone this long

Oh I can't wait
One more day
To hear you say you need me,
And say you'll stay with me tonight
I want you close again,
Do you remember when
You said you'd love me,
For the rest of my life

After allall the pain and sorrow,
Why do I do the things I do
There'll be no tomorrows,
Without your love to see me through,
The love I have inside me
Is forever here to stay
And I can only hope
That you'll feel the same someday
I know you told me,
We needed some time,
To make the changes
That'll make things right

Oh but I can't wait,
One more day
To hear you say you need me,
And say you'll stay with me tonight
I want you close again,
Do you remember when
You said you'd love me

For the rest of my life
Oh I can't wait,
One more day
To hear you say you need me,
And say you'll stay with me tonight
I want you close again,
Do you remember when
You said you'd love me,
You said you'd love me,
You said you'd love me,
For the rest of my life
