"The Miracle"

I see heaven shining bright/
The sun about to rise/
With clear and gentle light/
When I look into your eyes.
I hear music far above/
With angels taking part/
Singing words of love/
When I listen to your heart.

With heaven watching over us,
In heart and soul and mind,
The miracle of who we are,
Will last throughout all time.

I feel love beyond compare,
Never fearing harm,
Always knowing you'll be there,
When I hold you in my arms.
I know love will fill my soul,
And live forever more,
Never to let go,
When I touch my heart to yours.

With heaven watching over us,
In heart and soul and mind,
The miracle of who we are,
Will last throughout all time.
