Dance, like you've never been hurt, like you've never
been sad, baby
Dance, like this beautiful moment is all that's you have
Don't be afraid all your waitin' is over
Just look in my eyes and not over your shoulder
Don't let one memory get in your way
Baby, dance like there's no yesterday

If you've been lost, if you've been wrong
If you've been broken and left all alone
If you've seen night, you thought wouldn't end
If you felt like you don't have any friends
This is your time, this is your chance

To dance like you've never been hurt, like you've never
been sad, baby
Dance, like this beautiful moment is all that you have
Don't be afraid all your waitin' is over
Just look in my eyes and not over your shoulder
Don't let one memory get in your way
Baby, dance like there's no yesterday
Baby, dance like there's no yesterday

There's no place you've been
That matters a bit anymore
Tonight, we begin
And it's all about love, baby
All about love so just

Dance, like you've never been hurt, like you've never
been sad, baby
Dance, like this beautiful moment is all that you have

Dance, like you've never been hurt, like you've never
been sad, baby
Dance, like this beautiful moment is all that you have
Don't be afraid all your waitin' is over
Just look in my eyes and not over your shoulder
Don't let one memory get in your way
Baby, dance like there's no yesterday
Baby, dance like there's no yesterday

Baby, just dance
Like there's no yesterday
Like there's no yesterday
