Third June, she said goodbye
I watched her walk into the night
The hardest thing I ever did
Was let her go

We sword as friends, we'd stay in touch
Best of friends didn't mean that much
When that phone call comes to tell you
She's in love

She's in love
She's got that fire in her eyes
She's in love
How her smile lights up the sky
It's like she's walking on air
She's been set free
Still I can't believe

She's in love
Strolling down a one-way street
She's in love
You'd swear her heart has wings
She's in love
Why can't it be me

Told everyone I'm doing fine
Learned to get on with my life
I just want what's best for her
So I lied

Found a note on my door last night
Said, "I'll be your friend 'til the day I die"
But you should know I found someone
Now she's in love

She's in love
She's got that fire in her eyes
She's in love
How her smile lights up the sky
It's like she's walking on air
She's been set free
Still I can't believe

She's in love
Strolling down a one-way street
She's in love
You'd swear her heart has wings
She's in love
Why can't it be me

She's in love
She's got that fire in her eyes
She's in love
How her smile lights up the sky
It's like she's walking on air
She's been set free
Still I can't believe

She's in love
Strolling down a one-way street
She's in love
You'd swear her heart has wings
She's in love
Why can't it be me
Oh, now she's in love
Why can't it be me

She's in love
She's in love
She's in love
She's in love
She's in love
