Leave it up to life  
To bring a good woman down  
It took three glasses of wine  
Oh, but you're comin' 'round

Go on and let down your hair  
Yeah, there's the girl I know  
Let's leave the world out there  
And lock the door, lock the door

Forget about the day you had  
It's over, baby, let it be  
Every little thing's gone bad  
I know exactly what you need  
Turn out the lights  
And take it all out on me

Just bring the bottle to bed  
Lay there and talk for awhile  
And when everything has been said  
Yeah, we're gonna find your smile

Forget about the day you had  
It's over, baby, let it be  
Every little thing's gone bad  
I know exactly what you need  
Turn out the lights  
And take it all out on me

Forget about the day you had, yeah  
It's over, baby, let it be  
Every little thing's gone bad  
And I know exactly what you need  
Turn out the lights  
And take it all out on me

Come on, baby  
Take it all out on me, oh
