Wouldn't wanna go callin' this love
That word isn't close enough
To describe what we've got here

My heart is still in one piece
I can eat and I can sleep
I haven't cried one single tear

I never lost my freedom
And I'm too secure to be afraid

This can't be love you're givin' me
It feels too good, comes so easy
It's gettin' stronger everyday
Like it's never gonna fade away

This can't be love, I feel for you
It's nothin' like what I've been through
It's gotta be somethin' new
'Cause this just can't be love

Every love I knew up until now
Picked me up just to let me down
I've been every shade of blue

I never quite felt sure inside
A little nervous and a little tongue tied
But I can always talk to you

Look at us we're still together
Love's never taken me this far

This can't be love you're givin' me
It feels too good, comes so easy
It's gettin' stronger everyday
Like it's never gonna fade away

This can't be love, I feel for you
It's nothin' like what I've been through
It's gotta be somethin' new
This just can't be love

This can't be love, I feel for you
It's nothin' like what I've been through
It's gotta be somethin' new
This just can't be love

This can't be love
This can't be love
This can't be love
No, this can't be love

This can't be love
This can't be love
This can't be love
No, this can't be love

This can't be love
This can't be love
This can't be love

This can't be love
This can't be love
This can't be love
No, this can't be love

This can't be love
This can't be love
