How did we get to this?
I used to believe in tomorrow
So many memories I miss
I need a real life to borrow

You can't help me go to sleep
Now I'm here and you are free

So I close my eyes for another night
And I now that some day you'll be close
Try to wipe away these long dark days
As you're hanging around with my ghost
Don't go

The cold is back again
I thought that I left it behind me
I need another new friend
Always the darkness it finds me

I want to stay inside this dream
Still remember you and me

So I close my eyes for another night
And I now that some day you'll be close
Try to wipe away these long dark days
As you're hanging around with my ghost

All these things I held in silence
Can't be what you need
I'm gone
And I fall out of my dreams
They're leading me into the dark
And all these heartbreaks piled up to high

So I close my eyes for another night

Will you stay with me for another night?
But tomorrow you're going away
Thought I had it all but now I'm falling
I can't believe yesterday
Is all gone

Don't go
Don't go
