Like mars and venus - there are  
Lightyears between us - there are  
So many roads that lead astray  
But I'm on my way

Across my borders - into  
Uncharted waters - with you

No clouds of doubts that fill the air  
I soar towards your atmosphere  
I'm getting there

For once I'm on to something real  
For once someone believes in me  
For once I've found - a better way  
For once I feel - unafraid

You leave that light on for me  
You see who I want to be  
You came and changed my point of view  
Now all signs point to you

I'm on track it's all happening so fast  
One step ahead of my past

As if each dead end street I ever ran  
Was somehow part of a bigger plan  
And now here I am

For once I'm on to something real...

I'm alive  
I'm in love  
I am somebody to someone that I trust
