It's automatic
I never really had it
The love
That grows in time

Apophatic
Cataphatic
She's really not
The tragic kind

She's just waiting for love
But she hasn't got the time
Maybe someday
She'll complain

Don't say it to me now
Shut up now
Love will only
Break your heart

Don't say it to me now
Shut up now
We were broken
From the start

It's automatic
I never really had it
The love
That grows and dies

Apophatic
Cataphatic
She's really not
The tragic kind

She's just waiting for love
But she hasn't got a clue
Maybe someday
She'll complain

Don't say it to me now
Shut up now

Love will only
Break your heart

Don't say it to me now
Shut up now
We were broken
From the start

It's automatic
It's automatic
It's automatic
It's automatic, baby yeah

Don't say it to me now
Shut up now
Love will only
Break your heart

Don't say it to me now
Shut up now
We were broken
From the start

Don't say it to me now
Shut up now
Love will only
Break your heart

Don't say it to me now
Shut up now
Shut up now
Shut up now
