"Believe In You"

So vast, so deep
I feel all the possibilities
But my heart can't sleep
It's always racing when you're next to me

I want to show you
All that I can give you
Wanna hold you close
And understand

I wanna believe in you
Wanna be free in you
I wanna open up your eyes
To all that our love can be
And all of it's mystery

I wanna believe in you
Wanna be free in you
I've been searching all my life
For the fire I see in you
I wanna believe

So scared, so strong
Let's shake off all the secrets that were wrong
Nightmares, dark songs
All the monsters sleeping where they don't belong

I want to live out all my dreams
Inside you
But I will hold you close
And understand

I wanna believe in you
Wanna be free in you
I wanna open up your eyes
To all that our love can be
And all of it's mystery

I wanna believe in you
Wanna be free in you
I've been searching all my life
For the fire I see in you

I wanna believe

I hear your whispers in the dark
I hope your head won't tell your heart
To turn way or wake up in flames
Yeah

So vast, so deep
And I feel all the possibilities
Want to live out all my dreams
Inside you

I wanna believe in you
Wanna be free in you
I wanna open up your eyes
To all that our love can be
And all of it's mystery

I wanna believe in you
Wanna be free in you
I've been searching all my life
For the fire I see in you
I wanna believe
I wanna be free in you
I wanna believe
