Giving me cause so I may yearn  
Giving me words so I may learn  
I want more I want more  
Giving me thoughts that I may keep  
Giving me dreams so I may sleep  
I want more I want more  
Still all I need is love  
So give me more  
Giving me calm to fall into  
Giving me hope to guide me through  
I want more I want more  
Giving me light to see through tears  
Giving me strength to crush my fears  
I want more I want more  
Still all I need is love  
So give me more  
I won't bring you down  
I won't bring you down anymore  
Giving me choice so I may seek  
Giving me faith so I'll believe  
I want more I want more  
Giving me breath of your mercy  
Giving yourself to comfort me  
I want more I want more  
Still all I need is love  
So give me more
