Hey your thirsty
Walking in the desert all alone
Hey you're now searching
Lost in isolation from your soul
The bullets you bite
From the pain you request
You're finding it harder to digest
And the answers you seek
Are the ones you destroy
Your anger's well deployed
Hey why can't you listen
Hey why can't you hear
Hey why can't you listen
As love screams everywhere
Hey you now hunger
Feeding your mind with selfishness
Hey you now wander
Aimlessly around your consciousness
Your prophecies fail
And your thoughts become weak
Silence creates necessity
You're clothing yourself
In the shields of despair
Your courage now impaired
Your crucify all honesty
No signs you see do you believe
And all you words just twist and turn
Reviving just to crash and burn
You're fighting to the bitter end
If only your heart could open up
And listen
