Loosened from my pride
Oh that monster kept me so tight
Threw my aces down
Just to face the here and the now

So here I'll go again
I want to please
Here I'll go again
Sweet I'll sleep
Sleep till I dream

I've been looking
I've been staring down
I've been searching
I've been staring down
And your love is what I found

As cautious as a thief
Oh but restless in all of my needs
Now I stand before all I wanted
And all that I've adored

So here I go again
I need to please
Yeah here I go again
Sweet you sleep
Sleep till I dream

I've been looking
I've been staring down
I've been searching
I've been staring down
And your love is what I...

Long days, long nights
Just blinded by what was already in sight
Now I've found, I've found my way home
Yeah I found my way home

I've been looking
I've been staring down

I've been searching
I've been staring down

I've been looking
I've been staring down
I've been searching
I've been staring down
And your love is what I found
