Oh yea oh yea
I'm a flame
Burning bright
In the dark
Reach for the light
Hold me close
Hold me tight
Hold me hear tonight

Touch the truth
Not a lie
Reach into
Me deep inside
Can we be
Just you and I
Can we be
Alive

And the sun wont shine

There are two types of light
The kind that enter the sky
Yea there are two types are light
And one that comes from inside
And no the sun cannot shine
When you're by my side
No it can't shine as bright
It shouldn't enter the sky
No it can't shine as bright
It shouldn't enter the sky
No
