I long for you
For always
You give me that feeling
When we get close
I see what you see
You give me that meaning

You're the only one
And Darling
Don't let me go
Don't let me go

Don't let me go
Don't let me go

And I could run away
But I would come crawling back
To face the music once again
And I could hide away
But I would come crawling back
To face the music once again

Cause you want what I want
Cause you want what I want
Cause you feel what I feel

And I could run away
But I would come crawling back
To face the music once again
And I could hide away
But I would come crawling back
To face the music once again

And I could run away
But I would come crawling back
To face the music once again
And I could hide away
But I would come crawling back
To face the music once again

Cause you want what I want

Cause you want what I want
Cause you feel what I feel
