So much left unsaid
All the words I held I kept for that special day
The right moment never came

I wanted to thank
'Cause so much of me I knew that I got from you
But I never took the chance

If only I got there before it was too late
If only I could turn back time

The sun keeps on rising
Love never died when you left
Sun rising as the world turns

The sun keeps on rising
And even if I couldn't have my say
You know it's rising to a new day

Time went by so fast
And I thought I had all the time in the world
To clean, to make ammends

If only I got there before it was too late
If only I could turn back time

The sun keeps on rising
Love never died when you left
Sun rising as the world turns

The sun keeps on rising
And even if I couldn't have my say
You know it's rising to a new day

And I know it
And I know it
And I know it

And I know it
And I know it
And I know it

The sun keeps on rising
And even if I couldn't have my say
You know it's rising to a new day

The sun keeps on rising
Love never died when you left
Sun rising as the world turns

The sun keeps on rising
And even if I couldn't have my say
You know it's rising to a new day

And I know it
And I know it
And I know it

And I know it
And I know it
And I know it

The sun keeps on rising
And even if I couldn't have my say
You know it's rising to a new day
