It's a little bit lonely down here
It's a little bit faint without you near
Without you near

It's a little bit lonely down here
It's a little bit faint without you near
Without you near

Is it wise to say
While the other's waiting
She's contemplating you
Another passes by the door

Any other day
You just look around and
All you see is gone
All you see is gone

How can you sit there watching
Someone else?
How can you sit there
Sit there watching

How can you sit there watching
Someone else?
How can you sit there
Sit there watching

Faint without you near
Lonely down here
Faint without you near
Lonely down here

How can you sit there watching
Someone else?
How can you sit there
Sit there watching

How can you sit there watching
Someone else?
How can you sit there
Sit there watching

Faint without you near
Lonely down here
Faint without you near
Lonely down here

Faint without you near
Lonely down here
Faint without you near
Lonely down here

Faint without you near
Lonely down here

How can you sit there watching
Someone else?
How can you sit there
Sit there watching

Faint without you near
Lonely down here
Faint without you near
Lonely down here

Faint without you near
Lonely down here
Faint without you near
Lonely down here

It's a little bit lonely down here
It's a little bit faint without you near
Without you near

It's a little bit lonely down here
It's a little bit faint without you near
Without you near
