### "Beautiful Mess"

please let me be  
no more no less  
than a beautiful mess

the parade of days  
let me watch from my corner  
let me be a beautiful mess  
let me sleep  
or let me weep  
recall what i los  
and count what i won

let me be no mor no less  
than a beautiful mess  
and don't try to map me out  
don't do remarks or landmarks  
let me choose  
a way to loose  
a way to loose  
this beautiful day

'cos even when you faint  
blood rushes through your sleeping veins

let me be no more no less  
help me be no more no less  
than a beautiful mess
