I wanna tell you that you're never too far (Never)
You're never too far away from me
And it aint that hard for me to see that I've been gone
to long from you
Cos I miss you like crazy, aint no if and's or maybe's,
I'm used to seeing you on the daily (Sometimes I really
wanna be with...)
You, but I'm out trynna make this money,
And I've got some big plans, so I've got to succeed
Even though I work hard, I still think about you, baby...
Sometimes I really wanna be, oh, with you...

Nothing can come in between us (I'll always be with
you)
The phone is too close to your fingers (I'll always be
with you)
Aint no matter city I'm in, or what state I'm in (I'll always
be with you)
I know that sometimes it gets rough, (I want you to
know...)
I'll always be with you!

(Won't you please?) Won't you please?
(Won't you please?) Won't you please?

(Please Won't you be...) Be my support, be my internet
connection, just be a blessing, for me
(Please won't you be...) Be my backbone to welcome me
home when the nights is cold
(Please won't you be...) Just stay a little more close to
me, keep a real tight hold on me
(Please won't you be...) Cos you're the best in me, no
better can invest in me

When I'm home I can't wait to get in touch (Can't wait to
get in touch)
Cos I know that you're there to hold me down (Ooh I
know you wanna hold me down...)
Even though I gotta leave by Thursday,
Just a couple days home is quite worth it,
Don't be mad at me, cause you know where I wanna
be...

Nothing can come in between us (I'll always be with you)
The phone is too close to your fingers (I'll always be with you)
Aint no matter city I'm in, or what state I'm in (I'll always be with you)
I know that sometimes it gets rough, (I want you to know...)
I'll always be with you!

Bein' my sunshine, I think about you all the time
But you don't understand the hustle and grind
All the blood, sweat and tears we shared in the studio
And you believe her mom, billed with a silly ho
That aint real see every dollar I bring home
For the future of the family, that's what I do it for
I know them long hours I'm away,
- Everyday, and like Jodeci, you want me to stay, but I gotta go, go
And get the bread, nobody gon give it to us, we gotta so and get it,
So I make sure that my kids stay fed-ed
And I'm always on the clock, summer, spring, even fall or winter
You married a winner, wouldn't put nothin above ya,
Every minute of the day, I'm thinkin nothin but of ya,
And girl I love ya, I'm just tryin to get paid,
Just let me run the streets and errything will be ok

(Won't you please?) Won't you please?
(Won't you please?) Won't you please?

(Please Won't you be...) Be my support, be my internet connection, just be a blessing, for me
(Please won't you be...) Be my backbone to welcome me home when the nights is cold
(Please won't you be...) Just stay a little more close to me, keep a real tight hold on me
(Please won't you be...) Cos you're the best in me, no better can invest in me

Nothing can come in between us (I'll always be with you)
The phone is too close to your fingers (I'll always be with you)
Aint no matter city I'm in, or what state I'm in (I'll always be with you)
I know that sometimes it gets rough, (I want you to know...)
I'll always be with you!
