"I've Been In Love Before"

Visit "[I've Been In Love Before](#)" on MotoLyrics.com

I've been in love before, it's true
Been learning to adore just you
Some old woman taught me how to kiss
To smile like that, to sigh like this

I've been in love before, you'll see
Oh darling, what a bore I'd be
My past that makes you hate me
Makes you love me too
I've been in love before, never knew

And I've been in love before, it's true
Been learning to adore just you
Some old woman taught me how to kiss
To smile like that and sigh like this

I've been in love before, you'll see
Oh darling, what a bore I'd be
My past that makes you hate me
Makes you love me too
I've been in love before, haven't you?
