Resonate in tones of saving grace  
Separate from the Gods of hate  
Alleviate all our doubting ways  
Congregate to more loving days

A collection of peace where we could live  
A collection of hope for us to give  
A collection of words that mean we care  
A collection of love for us to share

Recognize all equality  
Vocalize solidarity  
Exercise your tranquility  
Glamorize all of love's needs

A collection of peace where we could live  
A collection of hope for us to give  
A collection of words that mean we care  
A collection of love for us to share

She wants more she says

He wants more he says  
I, want want more I say  
He could take some more

She wants more she says  
He wants more he says  
I, I want more I say  
He could take some more

A collection of peace where we could live  
A collection of hope for us to give  
A collection of words that mean we care  
A collection of love for us to share

A collection of peace where we could live  
A collection of hope for us to give  
A collection of words that mean we care  
A collection of love for us to share

She wants more, she says

He wants more, he says  
I, want want more, I say  
He could take some more
