### "Heart To Heart"

1/2 step down  
(1, 2, 1, 2, 3, 4)

We'll talk about the sky and how it shines  
We'll talk about the seas and the Ocean's tide  
We'll talk about pain we all receive  
We'll talk about hope and how you'll believe, you'll  
learn to believe...

*[Chorus:]*

Ohh Ohh, here I go  
Ohh Ohh, this is all I know  
Ohh Ohh, it's time to start  
Ohh Ohh, a heart to heart

We'll talk about sights you will see  
We'll talk about songs you'll learn to sing  
We'll talk about Mom, we'll talk about me  
We'll talk about love and what it means, cause love's all  
you'll need...

*[Chorus]*

And I'm only hear to teach  
Yeah I'm only hear to learn  
Cause sooner than you'll think  
Boy it'll be your turn  
So no excuses, no complaints, no restrictions, no  
restraints for...

You *[4x]* *[Chorus]*

*[Chorus 2x]*

Heart to heart *[4x]*
