In between us
Good and evil wait
To lie beside us
In our bed we make

In between us
Caution never heeds
We prey on weakness
Then beg for sympathy

In between words
Silence parades and so confusion is heard
Our voices afraid
To speak up and reassure
So when between words we remain
In between

In between us
Hope we've yet to see
We long for healing
But the scars they never leave

In between words
Silence parades and so confusion is heard
Our voices afraid
To speak up and reassure
So when between words we remain
In between

Silence fills the void
Of love and hate
An effective tool
When used to separate
Now separate

In between words
Silence parades and so confusion is heard
Our voices afraid
To speak up and reassure
So when between words we remain

In between words

Silence parades and so confusion is heard
Our voices afraid
To speak up and reassure
So when between words we remain
In between
We remain
In between
We remain
In between
