Wait, just a second now  
Love's eaiser lost than found  
So learn baby learn  
It's time to up and turn the other way  
Yeah, peace baby peace  
It's past time to release and fly away

Once I was down and couldn't see  
Then love lifted me  
Yeah love; it was love  
I believe love lifted me

Hush not another sound  
Time to move up to higher ground  
Now time baby time  
No longer's on our side so make a way  
To ride baby ride  
And pull me up on high and fly away

Don't push me, don't shove me  
Don't make me go down in flames  
Pull me to safety and help me  
To feel no more pain  
Come on just lift me up
