Marching through the corridor
Through faces I don't know
Got sunshine on the inside
But nowhere to glow

And counting down the hours
Pretending that it's time
Searching for the patience
A treasure I can't find

Days try to convince
Faith can cure all loneliness
Wishes wish for more
Wishes that could lead me towards

Love, love is where I now lie
Yeah, love is looking into your eyes

Looking out my window
Soaring through the blue
Something's always nothing
'Til I'm touching you

Nights are always spent
Hiding in life's compliments
And thoughts just thinking more
Thoughts on how I'm yearning for

Love, love is where I now lie
Yeah, love is looking into your eyes

Love, love is where I now lie
Yeah, love is looking into your eyes
Love, love is where I now lie
Yeah, love is looking into your eyes

I've got to get back, I've got to get back
I've got to, got to get back home
I've got to get back, I've got to get back
I've got to, got to get back home
