I leave the cage wide open
I give no words of caution dear
So when you're done revolving
I only ask your presence here

In the morning when I slow
And the sun soon explodes
I need the world to be controlled
And in the evening when I leave
I need a reason to believe
In the next homecoming, yeah

I cleared the road wide open
So put your hand on the wheel and steer
Don't drain this conversation
To only fill it back with tears

In the morning when I slow
And the sun soon explodes
I need the world to be controlled
And in the evening when I leave
I need a reason to believe
In the next homecoming, yeah

In the morning when I slow
And the sun soon explodes
I need the world to be controlled
And in the evening when I leave
I need a reason to believe
In the next homecoming, yeah

Homecoming
Homecoming
Homecoming
