Loosened from my pride  
Oh that monster kept me so tight  
Threw my aces down  
just to face the here and the now

So here I'll go again  
I want to please  
Here I'll go again  
Sweet I'll sleep  
Sleep till I dream

I've been looking  
I've been staring down  
I've been searching  
I've been staring down  
And your love is what I found

As cautious as a thief  
Oh but restless in all of my needs  
Now I stand before all I wanted  
And all that I've adored

So here I go again  
I need to please  
Yeah here I go again  
Sweet you sleep  
Sleep till I dream

I've been looking  
I've been staring down  
I've been searching  
I've been staring down  
And your love is what I...

Long days, long nights  
Just blinded by what was already in sight  
Now I've found, I've found my way home  
Yeah I found my way home

I've been looking  
I've been staring down  
I've been searching

I've been staring down

I've been looking

I've been staring down

I've been searching

I've been staring down

And your love is what I found
