The Bugaloos  
The Bugaloos  
We're in the air and everywhere  
Flying high, flying loose  
Flying free as a summer breeze

The Bugaloos  
The Bugaloos  
We're climbing high and diving low  
Through the sky, 'cross the land  
Straight to you  
With a helping hand  
Ready with a helping hand

We're friends indeed  
Should you need  
If you ever need

The Bugaloos  
The Bugaloos  
We're in the air and everywhere  
Flying high, flying loose  
Flying free like we all could be...
