With better competition  
Got a savior, says he's gonna save who  
Come together people  
Tell me what new habit can we choose?

We're thinking and we're trying  
Yeah, we're truthful then we're lying, I'm sure you know  
We're quiet then we're loud  
Yeah, we're hopeful then we doubt, I'm sure it shows

Do we get a second chance to these answers that we  
lack?  
Or are we guided by the hope of some brilliant flash?  
Tell me, tell me how long will this sobriety last?

Who's understanding? Yeah, understanding  
To the ways, the means of our own self  
We got the sex, the dreams with nothing else

Who's understanding? Yeah, understanding  
To the right, the wrong of our own self  
We got the look, the pose with nothing else

Dancing to the rhythm  
From the knowledge of a hard drive spin  
Looking for the formula  
That always will save us in the end

We're creeping and we're crawling  
Yeah, we're pushing, then we're stalling, have you felt?  
We're open, then we're closing  
Yeah, we're hiding, then we're showing, can you tell?

Do we get a second chance to these answers that we  
lack?  
Or are we guided by the hope of some brilliant flash?  
Tell me, tell me how long will this sobriety last?

Who's understanding? Yeah, understanding  
To the ways the means of our own self  
We got the sex, the dreams with nothing else

Who's understanding? Yeah, understanding  
To the right, the wrong of our own self  
We got the look, the pose with nothing else

Do we understand?  
Do we understand all the words we've said?
