Who have I left to please
Or take what you've yet to seize?
No more questioning
'Cause love is what love should be

Unveil to me
All that you want me to do
Why should I stop
Bearing allegiance to you?

I don't believe in sorcerers or the preachers
(I don't believe, I won't believe)
I just believe in you
(I just believe)
I don't believe in scholars or the wise men
(I don't believe, I won't believe)
I just believe in you
(I just believe)

What have I left to prove?
I speak all the words you choose
Confine me in walls of truth
'Cause love does what love should do

No more sentence
All of my pain has been freed
Why should this end?
Your mercy's all I need

I don't believe in sorcerers or the preachers
(I don't believe, I won't believe)
I just believe in you
(I just believe)
I don't believe in scholars or the wise men
(I don't believe, I won't believe)
I just believe in you
(I just believe)

I don't believe in sorcerers or the preachers
(I don't believe, I won't believe)
I just believe in you
(I just believe)

I don't believe in scholars or the wise men
(I don't believe, I won't believe)
I just believe in you
(I just believe)

I don't believe in sorcerers or the preachers
(I don't believe, I won't believe)
I just believe in you
(I just believe)
I just believe in you
I don't believe in scholars or the wise men
(I don't believe, I won't believe)
I just believe in you
(I just believe)
I just believe in you
Yeah, you, you, you
