Intro :

I wake up in the morning with my head up in the clouds,  
got nowhere to go  
This feeling deep inside of me tells me tells me I ought  
to be back on the road.  
Well it hurt me to no end to see the back of my best  
friend  
Guess I'll go and pack my things  
And I'll get back on the road again

Well I've been a lot of places and I've seen a lot of  
faces just moving around  
Living out a suitcase, running in the rat race, doing the  
rounds  
Well it took me by surprise to see the sadness in her  
eyes  
Guess I'll go and pack my things  
And get back on the road again

Don't you worry, I'll be back someday  
Ain't no hurry, I've just got time to slip away

Guess it's hard to understand why a home loving man  
wants to get up and go  
But this feeling deep inside of me tells me tells me I  
ought to be back on the road.  
Well I hope she'll realise I'm just another guy  
Guess I'll go and pack my things  
And I'll get back on the road again

Yes I'll go and pack my things  
And I'll get back on the road again  
Go and pack my things  
And get back on the road again
