Visit "[Rubber Lover](#)" on [MotoLyrics.com](https://MotoLyrics.com)

Johnny had a pink rubber lover  
Pinned her to the roof of his house  
Went off and prophesied some good times  
Maybe hes just calling out

Funky all the way home  
It's regular except for the number  
Funky all the way home  
Funky all the way home

Girl, you're making me scream  
My rubber lover, Girl  
you're making me scream  
My rubber lover

Johnny had the ain of the lover  
Pinned her to the roof of his house  
Went off and prophesied some good luck

Maybe hes just calling out

Funky all the way home  
It's regular except for the number  
Funky all the way home  
Funky all the way home

Girl, you're making me scream  
My rubber lover  
Girl, my rubber lover

Girl, you're making me scream  
my rubber lover  
(funky all the way home, funky all the way home)

Girl, you're making me scream  
my rubber lover  
(funky all the way home, funky all the way home)  
My rubber lover girl :)
