If you're coming home, like your letters say
And the place you're staying now, ain't too far away
Can you write tonight, just to let me know
'Cause since you've been away girl, I've missed you so

You won't let me down
'Cause I'm sure you're homeward bound
And you'll be back safe and sound
'Cause I just know

Baby make it soon, make it soon
(I can't wait another day)
Baby make it soon, make it soon
(Lord I know I need you, come on)

Baby make it soon, make it soon
(I need you right away)
Baby make it soon, make it soon
(Lord I've gotta see you)
(Right back here, here in my arms)

If you're coming home like you promised to
Will you write tonight and tell me what you're gonna do
'Cause I'm lonely now and I'm gonna stay that way
Till I hold you so tightly in my arms again

You won't let me down
'Cause I'm sure you're homeward bound
And you'll be back safe and sound
'Cause I just know

Baby make it soon, make it soon
(I can't wait another day)
Baby make it soon, make it soon
(Lord I know I need you, come on)

Baby make it soon, make it soon
(I need you right away)
Baby make it soon, make it soon
(Lord I've gotta see you)
(Right back here, here in my arms)

You won't let me down
'Cause I'm sure you're homeward bound
And you'll be back safe and sound
'Cause I just know, whoa

Baby make it soon, make it soon
(I can't wait another day)
Baby make it soon, make it soon
(Lord I know I need you, come on)

Baby make it soon, make it soon
(I need you right away)
Baby make it soon, make it soon
(Lord I've gotta see you, come back baby)
Baby make it soon, make it soon
(Lord I've gotta see you, come on baby)

Baby make it soon, make it soon
(I've gotta see you)
Baby make it soon, make it soon
(Lord I know I need you, come on baby)
Baby make it soon' make it soon
(Lord I've gotta see you, come back baby)
