Bonnie girl I know
He's a fantasist
believe me
He's possessed with all the things around
Bonnie girl, I know
believes he is a lover
He's involved with everyone in town.
Never stops to think it over
Now that money grows on trees
Think aloud
cherry is a funny flavor

Bonnie girl I know
Never thinks about the future
Like a rash.....
he comes and he goes
Bonnie girl I know

lover is ever easy
he goes on
believing till the end
(harmonica solo)

Bonnie girl, I know
believes he is a lover
He's involved with everyone in town
Bonnie girl I know
will always have it easy
he goes on
believing till the end
Never stops to think it over
Now that money grows on trees
Think aloud
cherry is a funny flavor
(solo harmonica fades...)
