Step by step and the motion is low  
Step by step into your grave

The sky ahead is so unnatural  
Stained with colours that should not be here  
The aeronauts drop the bombs  
There are more of them  
What's this revenge for?

What's is this revenge for?  
The black sky is so unreal

Nobody will stand by your grave  
Because nobody is left  
Nobody will stand by your grave  
Extermination!

Fire in the mainstreet, burning flesh  
And the aeronauts will clear the earth  
Nobody will stand by your side  
Because nobody is left, is left here

[Solo]

What's is this revenge for?  
The black sky is so unreal  
What's is this revenge for?  
The black sky is so unreal

Wounds may heal but scars remain  
Enemies are friends are dead and gone  
You search for truth it's all the same  
Serve quiet what we dictate

Nobody will stand by your grave  
Because nobody is left  
Nobody will stand by your grave  
Extermination!

Step by step and the motion is low  
Step by step into your grave
