Getting closer to the swine  
Contemplating over wine  
Are you sure we have the time  
Hope that we can make new kinds

The nation's grabbed you  
Persuade you to stay  
But when they stabbed  
They started to play

Green is stunningly in store  
Teddy ruxpin is a whore  
Class is this new product here  
Purchase your's they'll disappear

The nation's grabbed you  
Persuade you to stay  
But when they stabbed  
They started to play  
The nation's grabbed you  
Persuade you to stay  
And what have you  
They started to play

The nation's grabbed you  
Persuade you to stay  
But when they stabbed  
They started to play  
The nation's grabbed you  
We'll stay away  
But when they stabbed you  
Started to play  
Yeah
