"The Solution"

Visit "[The Solution](#)" on MotoLyrics.com

The solution of this global catastrophe.
Lies in the vegan philosophy.
Not until all animals are roaming free.
A peaceful existence can be achieved.
Only the respect for every being.
Can be an idol for our future generations.
Only with the help of militant actions.
The death sections can be erased!

FREEDOM FOR THE OPPRESSED - THE SOLUTION!
FREEDOM FOR THE EN CAGED - THE SOLUTION!
FREEDOM FOR THE ENSLAVED - THE SOLUTION!
REVENGE FOR ALL THE DEAD - THE SOLUTION!

The burning fight for liberation.
Cannot stop at the human being.
We have to stand up for every life.
To keep it's beauty and purity!
