"Watch It All Come Down"

Visit "[Watch It All Come Down](#)" on MotoLyrics.com

I wanna watch it all come down.
Fade away, burn inside.
All your dreams turn to dust.
I wanna watch it all come down.

Burning - this life is over.
Cutting [f&çâ, -](#) this life away.
Nothing will remain.
We are dead!

I don't have the will to go on.
I want to die, tonight inside.
World of misery, buried alive.
I wanna watch it all come down.

Drinking [f&çâ, -](#) your own blood.
Waiting [f&çâ, -](#) for the day.

Buried by your lies.
We are sick!

I wanna watch it all come down.
No will to go on.
This is our vengeance.
Green blood!

Die like the innocent victims.
Die! Buried alive!
