Ooh  
Ooh

Living inside my head  
Wasn't my strength  
Letting me think  
I'm in control

Giving you all my heart  
Was a good start  
But it turns out  
You want my soul

I don't know nothing 'bout that  
In fact I don't know nothing at all yeah  
I'm tired of proving you right  
By doing everything so wrong (so wrong)  
Tell me what you really want (you want)  
Because I don't want to be  
I don't want to be alone

Ooh  
Ooh

Pushing me over the edge  
Can't forget those things you've said  
Cut to the bone

Go ahead, take your swing  
What did you think?  
I was just gonna roll over, oh no

I don't know nothing 'bout that  
In fact I don't know nothing at all (don't know nothing at all) yeah  
I'm tired of proving you right  
By doing everything so wrong (so wrong)  
Gotta tell me what you really want (you want)  
Because I don't want to be  
No, I don't want to be alone

Alone, now

Alone, yeah  
I don't want to be

I'm putting myself on the line  
I'm tired of wasting my time  
There's got to be a reason why  
She will not go to me

I don't know nothing 'bout that  
In fact I don't know nothing at all  
Whoo whoo  
So tired of proving you right  
By doing everything so wrong  
I don't know nothing 'bout that  
In fact I don't know nothing at all  
Whoo Whoo  
So tired of proving you right  
By doing everything so wrong (so wrong)  
Tell me what you really want (you want)  
Oh, I don't want to be  
I don't want to be alone

Alone, now  
Alone  
I don't want to be  
Yeah yeah yeah  
I'm tired of proving you right  
By doing everything so wrong  
Don't know nothing
